Title : **General Anesthesia and Scalp Block for Craniotomy Due to Cerebral Abscess in Uncorrected Tetralogy of Fallot Patient: A Case Report and Literature Review**

No	Item Study	Reviewer Suggestions
1	Is the writing system appropriate? 1) For Case Reports: Title, Abstract, Abstract, Introduction, Case, Discussion, Conclusion, Bibliography. The discussion is to create solutions to the problems that occurred in the case? 2) The abstract is written in English in no more than 250 words.	1) Yes, the writing system is appropriate. 2) Yes the abstract has <250 words
2	Is the use of English good and correct?	Yes, mostly the paper is written in English correctly. "oxygen saturation of 80% while breathing room air" can be fixed to "oxygen saturation of 80% on room air"
3	Is the title concise enough and can clearly describe the content of the article?	Yes the title is clear enough
4	Is the abstract concise enough, proportional, IMRAD, and can clearly describe the content of the article?	Yes, the abstract is proportional enough and already tells the main topic of the article.
5	Does the introduction clearly outline the topic?	Yes, the bridging from epidemiology – pathophysiology – challenges – literature gap – aim of the research is clear enough and well explained.
6	Has the Case Section clearly explained the Anamnesis, Physical Examination, Lab Examination and other support such as CT-scan, MRI, Anesthesia and Post-operative Management.	The case section aligns well with standards of case report. But some headings needs to be changed: "Laboratory" to "Laboratory Findings" "anamnesis/disease history" to "Anamnesis and History of Past Illness"

		ToF typically has systolic murmur, does the patient really has continuous murmur?
7	Has monitoring during surgery and/or post-surgery been carried out? (can be a table or graph)	Yes, but it needs more data. - Vital signs data while the patient is in PICU - Blood gas analysis
8	Is the conclusion presented briefly and clearly?	Yes, the conclusion presented clearly.
9	Is the writing already based on Vancouver?	Yes, the writing is already based on vancouver. But the "doi" formatting is inconsistent. Please fix as in same format. All typos and spelling in title reference must be fixed before submission.

No	Decision	Check (v)
1	Articles can be loaded without changes	
2	Articles can be published with improvements (please write an outline of the revisions on a blank sheet)	
3	Articles can be considered for submission to international journals	
4	Article could not be loaded
